Consider a YMCA benefit for your employees. They are the lifeblood of any industry, and after all, aren't they worth it?

As a leader in your company, you know that a healthy, happy and productive workforce is key to your success. Through Corporate Membership at the Miami County YMCA, employees can get fit, stay fit and save money—all while helping your company improve its fiscal fitness. All memberships are county wide memberships with access to both branches of the Miami County YMCA.

MEMBERSHIP MADE SIMPLE

.....

The Corporate Membership Program is as simple as you offering payroll deduction to your employees for payment of their YMCA membership. When 10 or more of your employees join the Miami County YMCA and you contribute 10% towards their memberships, the Y will contribute 10% , too. That amounts to a \$100 savings on a Family Membership, annually. We can even provide usage tracking reports and fitness assessments. We would be happy to visit your worksite for onsite membership registration.

.....

We can assist you by putting together a program that fits your needs:

- Special open house for employees
- Information for employee benefits and hire packets
- Promotion of your organization as a YMCA partner
- YMCA participation at company health fairs
